

How do I report a violation for trash and debris or inoperable vehicles in my neighborhood?

Contact the Planning Department, (540) 636-3354, to speak with the Zoning Administrator. Staff will fill out a Zoning Violation Complaint form with pertinent information if he is unavailable. The Zoning Administrator will follow-up with a site visit to the property and a letter of inspection or violation. You report in confidential and no names will be released regarding the complaint.
